

Maxflow Petrol Welder Generator

Site Use, Mobile Engineering Firms

Choice of Loncin or Honda engine including oil alert on both models, smooth wave format technology provides you with safe and consistent power when you need it most.

Maximum Rod Diameter = 4mm

Duty Cycle = 35%

Model - ELITE200DC-HT

Part No.	Engine	Unit	kVA	Sockets	Frame
ELITE200AC-HT	Honda GX390	200 AC	6	2 x 230v 16A 2 x 110v 16A 16/32A	Trolley
ELITE200DC-HT	Honda GX390	200 DC	4.5	1 x 230v 16A 1 x 110v 16A 16/32A	Trolley
ELITE200AC-LT	Loncin G390	200 AC	6	2 x 230v 16A 2 x 110v 16A 16/32A	Trolley
ELITE200DC-LT	Loncin G390	200 DC	4.5	1 x 230v 16A 1 x 110v 16A 16/32A	Trolley

Maxflow Diesel Welder Generator

Site Use, Mobile Engineering Firms
Ideal for extended use

Next generation of the Yanmar Diesel L100V series engine with direct port injection and electric start, this is the leader among single cylinder diesel engines. With a brush-less unit using smooth wave format technology this provides you with safe and consistent power when you need it most, the diesel engine helps provide better fuel economy versus petrol.

Maximum Rod Diameter = 4mm

Duty Cycle = 35%

Model - ELITE180DC/YT

Part No.	Engine	Unit	kVA	Sockets	Frame
ELITE180AC-YT	Yanmar L100-V	180DC	5	2 x 230v 16A 2 x 110v 16A 16/32A	Trolley
ELITE180DC-YT	Yanmar L100-V	180 DC	4.5	1 x 230v 16A 1 x 110v 16A 16/32A	Trolley
